

Bellville Chamber of Commerce
2009 Small Town Christmas
Trees in the Park

July 31, 2009

Dear Chamber Members,

Yes, it is only the end of July, but we are already beginning our preparations for the upcoming 2009 Small Town Christmas!

This is an invitation to join us as we plan to make Bellville come alive with the Spirit of Christmas. The decorated trees in the Mini Park are a highlight of the Holiday Season in our community. This is an excellent opportunity to show your artistic talents and advertise your business. A walk through the decorated Mini Park is a holiday tradition for many local families and visitors. Additionally, many Small Town Christmas activities will be held among the decorated trees in the park.

You must register with the Chamber office before picking out your location. Tree locations are available on a first come, first serve basis to those companies wishing to promote their businesses while adding to the festivities surrounding the Christmas Holiday, Small Town Christmas, and lasting until after the New Year.

You may start decorating your assigned tree during the week of November 15th, and must have the decorating completed no later than Sunday, November 29th. Bellville has a lot of traffic Thanksgiving weekend and having the Mini Park decorated by then will encourage people to stop and take a look with their families. All lights, decorations, and signage must be removed from the park the weekend of January 9th & 10th.

Once again, the Chamber will be giving recognition to the businesses with the "Best Decorations" and "Most Original Decorations". Please help us make the Mini Park sparkle with lights and community spirit this Christmas!
